RHIZO PROTECT™

RHIZO PROTECT™ is a biological insecticide based on a selected strain of the naturally-occurring entomopathogenic fungi *Isaria fumosoroseus*, *Verticillium lecanii*, *Beauveria bassiana* and *Metarhizium anisopliae*.

RHIZO PROTECT™ infects and kills soft body insects like Thrips, Whiteflies, Aphids, Mealy bugs and Spidermites on vegetables and ornamentals. Death of the insect under normal conditions occurs 3-7 days following application.

RHIZO PROTECT™ contains spores and mycelial fragments of *Metarhizium anisopliae* and *Lecanicillium lecanii*.

Rate of application

Crop	Pest	Application Rate	Notes
Vegetables, Soybeans	Thrips, Whiteflies, Aphids, Mealy bugs and Spidermites	250 - 350 gr / 100lt water	Foliar application
Peas	Thrips, Whiteflies, Aphids, Mealy bugs and Spidermites	250 - 350 gr / 100lt water	Foliar application
Ornamentals	Thrips, Whiteflies, Aphids, Mealy bugs and Spidermites	300 - 400 gr / 100lt water	Foliar application

Special notes:

- Pre-harvest interval: 0 days
- Ensure thorough coverage of the crop with the spray mixture in the early stages of the pest development.

Storage: **RHIZO PROTECT™** is stable for a period of 12 months for the date of manufacture when stored in a cool, dry place. Exposure to high temperatures even for a short period of time can significantly affect efficacy.

Preparation of the Spray Mixture: Half fill the tank with water and add the required amount of **RHIZO PROTECT™**, mix thoroughly while filling the tank with water up to the recommended volume.

Compatibility

- **RHIZO PROTECT™** is compatible with most of the commonly used organic fertilizers
- The supplier makes no recommendation in regard to the compatibility of this product with any other pesticides. No warranty is provided by the supplier for mixtures of this Product with any other products. When mixing this product with other products the buyer/user takes full responsibility and risk.

SAFETY PRECAUTIONS

RHIZO PROTECT™ may cause moderate eye irritation and is harmful if absorbed through skin. Avoid contact with eyes, skin or clothing. Keep away from food, drink and animals. While handling **RHIZO PROTECT™**, wear protective clothing (an overall or a long trouser with a long sleeve shirt.) Avoid inhalation of the material. After use, wash sprayer and equipment thoroughly and rinse three times.

FIRST AID

If inhaled: Move person to fresh air. If person is not breathing, call an ambulance, then, give artificial respiration, preferably mouth-to-mouth and see a doctor immediately for treatment advice.

If in eyes: Hold eyelids open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes and then continue rinsing the eyes. No medication should be applied except on the advice of a physician. Call a poison control center or doctor for treatment advice.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If swallowed: The product is not harmful if ingested. If any irritation is observed give plenty of water to drink and consult a physician. Do not give anything by mouth to an unconscious person.

HANDLING AND STORAGE

The product contains non-pathogenic, non-hazardous and non-toxic, naturally occurring constituents.

Storage Requirements: Store the material in a well-ventilated, clean, cool and dry place out of reach of children and domestic animals. Keep away from direct sunlight. Keep containers tightly closed when not in use. Do not store in metallic containers. Do not store along with chemical pesticides.

NOTE TO USER: This pest control product is to be used only in accordance with directions on this label. It is an offence under the Pest Control Products Act to use or store a pest control product under unsafe conditions.

WARRANTY: Sellers guarantee is limited to terms set out on the label and subject thereto. The buyer assumes the risk to persons and property arising from incorrect use or handling of **RHIZO PROTECT™** and accepts the product on those conditions.
